ASHUTOSH TIWARI

Backend Developer

📞 +91-6393684566   @ ashutoshtiwari.2002@gmail.com

SUMMARY

Experienced professional with proficiency in web development using the Django framework and expertise in building RESTful APIs. Skilled in utilizing Postman for API testing and validation. Possesses strong programming skills in both C++ and Python. Proven ability to develop efficient and scalable solutions, with a keen focus on delivering high-quality software products. Adept at collaborating in cross-functional teams and consistently staying updated with the latest industry trends and technologies.

EDUCATION

Bachelors of Technology

JSS Academy of Technical Education

📅 11/2020 - Present

CGPA
7.96 / 10

Subjects :

Data structure and algorithms, Object Oriented Programming, DBMS, Operating system, Computer Networks.

EXPERIENCE

Backend Engineer Intern

Negbuy   📅 12/2023 - Present   📍 Noida

· Developed various RESTful API using Django and made them live.
· Developed Chatbot, works with matching keywords and sentences.
· Complete management of Database.

ML Intern

Ranjana Enterprises   📅 06/2023 - 07/2023   📍 Remote

· Made chatbot using OpenAI libraries and Large language Model.

PROJECTS

Social Media App

· Developed/made with the Django Framework.
· Implemented features such as user registration, login, profile administration, posting, following other users, and additional functionalities.
· Registration and authentication system for users, management of user profiles.
· Ability to post and share updates, images, and multimedia content.

E-commerce Website

· Seamless and responsive e-commerce website powered with Django framework.
· Users can easily register, log in, add products to their carts effortlessly, and securely complete the checkout process.
· Integration of a robust admin panel empowers administrators to efficiently manage products and orders.

SKILLS/TOOLS

Django Framework		RESTful API	
Postman	Python	HTML5	CSS3
RDBMS	GitHub	Git	
Command Prompt		VS Code	
Language :	C/C++	Python	SQL

CERTIFICATES

Python Django - Complete Course

Capable of making complete backend solution and RESTful API for any website.

Python for Data Science and Machine Learning Boot Camp

Learned various machine learning algorithms and implemented them on various ML models.
